

Kent Skating Club

Memorial Fund Restricted Fund

KSC's Memorial Fund Restricted Fund account is to be used to help support skaters who have financial need by providing assistance with costs such as competition entry fees, skates and blades, coaching fees, and other expenses related to skating. However, this fund may not be used to pay for ice time. This is open to skaters at preliminary level and above who are full skating members of the Kent Skating Club. Priority will be given to skaters who have aspirations of competing competitively in qualifying competitions

Application for funds may be made by a skater, or by another person on behalf of a skater. All requests will be reviewed by the Governing Board of Kent Skating Club and funded at the Board's discretion. Applications will be accepted throughout the skating year, and will be reviewed at regular monthly board meetings of the Kent Skating Club.

The Board will require applicants to complete the attached application form, explaining their situation and the skating costs for which they are seeking assistance. The board may require an interview with applicants and/or more documentation if they feel more information is needed. When the Board decides to fund a request, reimbursement will be made to the skater after receipts or other documentation of expenses are submitted.
